This warranty applies only to hardware products and components manufactured by APPLE, which can be identified by the "APPLE" trade-mark, trade-name, or logo affixed to them. APPLE does not warrant any products not manufactured by them.

During the warranty period, APPLE will repair (or at its option replace) free of charge any APPLE hardware products that prove defective, provided the APPLE product is returned to an Authorized APPLE Service Center within the original country of purchase.

This warranty does not apply if, in the opinion of APPLE, the hardware product has been damaged by accident, abuse, misuse or misapplication, or as the result of service or modification by other than an Authorized APPLE Service Center.

APPLE makes no warranties, either express or implied, with respect to the software, its quality, performance, merchantability, or fitness for any particular purpose. APPLE software is sold or licensed "as is". The entire risk as to its quality and performance is with the buyer. Should the programs prove defective following their purchase, the buyer (and not APPLE, its distributor, or its retailer) assumes the entire cost of all necessary servicing, repair, or correction and any incidental or consequential damages. In no event will APPLE be liable for direct, indirect, incidental, or consequential damages resulting from any defect in the software, even if APPLE has been advised of the possibility of such damages.

Software-media and documentation are covered by this one-year warranty except for normal wear and tear.
