Macintosh
System 7.5

**Announcing a
special,
limited-time
offer on
Macintosh System 7.5.**

Why upgrade your Apple Macintosh® computer to System 7.5?
We can answer that question in just two words: "even more."

New System 7.5 makes your Apple computer even more powerful, with innovations in collaboration, multimedia, and printing. From the moment you install it, the more than 50 innovative enhancements built into System 7.5 will help you work smarter, faster, and more productively - individually and with others. Here's a look at just a few of the many benefits you'll enjoy when you make the move to Macintosh System 7.5:

Take advantage of Active Assistance.

- *Apple Guide offers interactive guidance to help you learn new tasks.
- *AppleScript® lets you automate routine tasks.

Increase your personal productivity.

Dozens of enhancements to help you streamline your work including:

- *Macintosh Drag and Drop to replace "cut and paste".
- *A more robust Find File feature.
- *Hierarchical menus that turn many steps into one.

Get easy access to DOS/Windows files.

- *Open DOS and Windows disks and documents as if they were created on a Macintosh.
- *MacTCP provides built-in support for TCP/IP networking.

Enjoy new ways to work with others.

- *New, easy ways to access information, networks, and on-line service.
- *Serverless e-mail.
- *Universal mailbox for all types of correspondence.

Look better than ever on paper.

- *Desktop printer icons simplify the printing process.
- *You can create documents that can be opened and printed even without the same application and fonts.
- *New robust typographic capabilities.

Mobile computing made easier.

- *Quick and easy access to battery management
- *Desktop access to all controls
- *File synchronization ensures that you're always working on the most current version of your documents.

Here's how to get "even more," for even less.

If you act now, you can upgrade to System 7.5 for FREE, if you purchase a qualifying Apple CPU between October 1 1994 and January 31 1995.

And System 7.5 is as easy to order as it is to use. Just complete the attached order form. But remember, this is a limited-time offer. So order your System 7.5 upgrade today.
