SHARP

Model: TV-V200 VOL 1 MUTE

LED 20.1cm

Up for sale is an extremely rare Apple IIe clone from Brazil: Microdigital TK 3000. The computer is in excellent shape, fully tested and it works great. The case has little discoloration and overall it is in great shape. I took pictures trying to show all the details, please check it out. The computer is in its original box, which is in good shape as well. Included here are:

- TK3000 console, with attached power supply and cable, along with box and inserts
- Original manual
- Floppy disk card, with cable to connect it to a floppy drive
- Brazilian card (Tekno Logica - not sure what is the purpose of this one)
- Floppy disk "Apple Presents the IIe: Getting down to Basic"

*photos courtesy of 'pmacknight10' (eBay)*

Please check pics for more details on cosmetic condition. This computer is extremely hard to find outside of Brazil, and even there it is hard to find one in such good condition. Payment expected within 2 days of purchase. No local pick up and no warranties or return policy. The box is large so I am not sure I can ship this to all countries - please check with me before purchasing. Thanks!

# VOCÊ ESTÁ VENDENDO 8 ANOS DE VANTAGEM SOBRE SEUS CONCORRENTES.

O TK 3000 IIe é, disparado, o mais avançado micro construído no Brasil. Essa é uma verdade que os profissionais liberais e estudantes já descobriram. Ele é o único em sua categoria que roda Totalworks e Supercalc 3a, os mais requisitados softwares integrados da atualidade, além de todos os outros softwares compatíveis com Apple\*. Tem memória expansível até 1 Megabyte. Tem teclado numérico incorporado. Escreve em português, com todos os acentos e mais facilidade de operação que uma máquina de escrever eletrônica. E tem um design exclusivo, que oferece maior conforto, maior produtividade. Na verdade, a diferença entre o TK 3000 IIe e os outros é tão evidente, que ele já é o maior sucesso de vendas. Nada mais lógico. Ninguém gosta de ficar para trás da concorrência.

**TK 3000 IIe**  
O sucessor do Apple IIe "Enhanced"
