

*Thank you for your  
interest in Apple*

20525 Mariani Avenue  
Cupertino, California 95014

---

Thank you for your inquiry.

We're pleased to learn of your interest in Apple.

More than 750,000 people around the world already own an Apple system. They've allowed us to realize our goal of offering an easy to use "personal" computer at an affordable price.

You may be in business and need a way to monitor your accounts receivable, or a professional who wants a quicker way to edit and save correspondence. Or you may need to forecast trends, file and search information, or better organize your busy schedule. An Apple will help you do all this — and more!

We've enclosed some information about Apple systems. If you want to find out more, we suggest that you visit one of our dealers.

A list of our authorized dealers in your area is enclosed. Visit the one nearest you. Our dealers are eager to meet you and answer questions. If computers are new to you, you'll be amazed at how quickly you can learn the basics. Your Apple dealer will match your needs with the right system and provide excellent service to maintain your equipment long after the purchase.

There is also a postage-paid questionnaire enclosed. We'd appreciate a few minutes of your time to help us learn more about your special applications.

Welcome to the world of Apple!

A handwritten signature in black ink that reads "Jean H. Richardson". The signature is fluid and cursive.

Jean Richardson  
Director of Communications

P.S. Be sure to contact your local Apple dealer for a "hands on" demonstration of the new Apple IIe. Also ask your dealer about the Apple IIe Starter System, a package that includes the most versatile personal computer in its class, at an affordable price. This package gives you everything you need to make your working and learning time more rewarding.

October 1982
